N3 Max Smart Projector

256607

Dangbei N3 Max – 1000 ISO Lumens, Full HD 1080P LED projector with 180° rotatable stand, MT9660 chipset, 2×6W Dolby Audio speakers, and VIDAA OS. Up to 150" projection, HDR 10, HDMI 2.0, Wi-Fi 5.

PRODUCT DETAILS

Vivid Color & Brilliant Clarity - Every Detail Matters
High brightness and rich color make every image clearer and more vivid, revealing fine details and depth for an immersive big-screen experience.

180° Rotatable Stand - Effortlessly Project on Walls or Ceilings
Featuring an integrated gimbal design with a 180° tilt range (-45° to 135°), N3 Max allows effortless angle adjustment for wall or ceiling projection without external stands, providing flexible placement and comfortable viewing in various home scenarios.

Full HD 1080P Resolution
Delivers exceptional clarity and vivid detail in every movie, reproducing content exactly as intended.

Enhanced Contrast - Refined Visuals
HDR 10 enhances contrast and color, delivering brighter highlights, deeper blacks, and more lifelike visuals.

Master-Level Acoustic Tuning
Experience hall-level sound quality with rich, immersive audio. From the subtle nuances of soft vocals to the powerful depth of a full orchestra, every moment sounds vivid and dynamic - bringing the feeling of a live concert to you.

VIDAA OS - Endless Fun Awaits
Netflix, YouTube, Prime Video, Disney+, and more - all in one place.

Live TV - Tailored to Your Region
Access local channels and stay up to date with regional news, live shows, and broadcasts - directly from supported apps.

Endless Fun for Kids

© 2026 All rights reserved. Note: Specifications and design are subject to change without notice.

Backed by Kidoodle TV, N3 Max provides thousands of free kids' shows with flexible screen time and personalized bedtime settings, ensuring safe and easy viewing.

Free Games Without Controller
Engineered for immersive gaming, N3 Max features a 60Hz high refresh rate, native 1080P clarity, HDMI 2.0 and Wi-Fi 5. It delivers fluid, blur-free visuals and responsive performance for smooth, lag-free gameplay. The stable high-speed connection ensures seamless streaming and console pairing. Transform any space into a thrilling big-screen gaming arena.

Smart & Simple Control
VIDAA Voice lets you control your device and search content instantly using simple voice commands.

Voice Command Examples

- "Hey VIDAA, what should I watch?"
- "Play Stranger Things on Netflix."
- "Add Avatar to my watchlist"

Flagship Hardware - Exceptional Performance
Powered by the MT9660 chipset for smooth performance, advanced video decoding, and enhanced image processing.

Hardware Highlights

- 4K Decoding
- HDR 10
- 8GB ROM

From Bedroom Nights to Living Room Movie Time
From a cozy 60-inch screen to a truly immersive 150-inch cinematic experience, there's always a perfect size for your space.

*For optimal viewing, we recommend a projection size of 80"-120".

InstanPro AI Image Setup
Automatically adjusts the image to deliver the optimal picture quality, no matter where the projector is placed.

AI Image Setup Features

- Obstacle Avoidance
- Auto Focus
- Auto Keystone
- Screen Fit

Eye Protection Mode
N3 Max automatically dims the light when someone passes by, helping reduce glare and improve viewing safety.

Versatile Connectivity
Enjoy seamless connectivity: HDMI 2.0 enables 1080p HD content playback, USB supports USB flash drives/external hard drives, and 3.5mm audio allows connection to headphones and other devices.
