Momcozy Rainbow White Noise Machine

254757

Momcozy Smart Sleep Soother – Personalized Comfort for You & Your Baby Create the perfect sleep environment with customizable sound and lighting scenes, saving your ideal settings for ultimate relaxation. Featuring a light alarm clock, 34 high-fidelity sounds, and a Bluetooth speaker, it soothes both parents and babies. Easily control everything via the Momcozy App or the interactive touch mode. The wake-up light gently signals morning, while a one-tap snooze ensures easy use.

PRODUCT DETAILS

Personalized Sleep Experience

Customize and save your preferred combination of soothing sounds and gentle lighting to create the perfect sleep environment for both you and your baby. Tailor settings to suit different moods, nap times, or nighttime routines.

Smart Light Alarm Clock

Wake up naturally with a soft, color-changing light that gradually brightens to signal wake-up time. Helps establish a healthy sleep routine for babies and parents alike.

34 High-Quality Sound Options

Choose from an extensive library of high-fidelity sounds, including white noise, nature sounds, lullabies, and calming melodies, designed to help your baby sleep soundly.

Bluetooth Speaker & App Control

Stream your favorite music, white noise, or bedtime stories via the built-in Bluetooth speaker. Easily adjust settings remotely through the Momcozy app for ultimate convenience.

Portable & Interactive Mode

Compact and lightweight, this sleep device is perfect for use at home or on the go. The interactive mode allows easy adjustments, making it a great companion for travel, daycare, or nighttime feedings.
