PRODUCT DETAILS

Size 7W, 5.5W, **11.5W**

Clean air for the ride

The Blueair Cabin P2iD for larger cars and RVs adds smart sensors and Bluetooth connectivity to deliver clean air for the ride. The fan speed adjusts automatically based on laser particle sensor readings to maintain air quality at all times. You can also get over-the-air updates via the Blueair app on your smart device.

With Cabin P2iD you'll never have to dread being stuck behind a bus again.

HEPASilent™ technology for the road

Cabin air purifiers deliver best-in-class air purification performance for cars, with a compact, mobile version of Blueair's HEPASilent™ technology. Pioneered by Blueair, it combines electrostatic and mechanical filtration to deliver low noise, 360° air flow and high CADR. It provides more than 95% filtration efficiency against PM 2.5, pollen, dust, yellow dust and industrial emissions and has been tested to meet or exceed global standards, such as GB, CARB, CB and AHAM.

Blueair performance

The air on the road can be 15 times worse than off-road outdoor air. With 360° in- and outlet air take the cabin air purifier effectively cleans the air inside your car in less than six minutes. The secret is a compact, mobile version of Blueair's HEPASilent™ technology, the same market-leading technology trusted by millions of people to purify the air in their homes and offices.

Drive without disruption

Whisper quiet on the lowest speed (35 dB) and equivalent to the noise level of rainfall on the highest setting (55 dB).

Limit energy costs

Using just 11.5 watts of energy, on it's highest speed, you can run your air purifier without concern.

Safety first

An intuitive, no-look interface, reassuring feedback, and safe, secure placement minimize distractions and work to keep the driver’s eyes on the road.

Specifications

- Dimensions(HxWxD): 97 x 205 x 205 mm
- Product weight: 2.5kg
- Energy consumption: 3.5 - 11.5 Watts
- Sound level38 - 55 dB(A)
- Recommended room size: 7 m2
- Air changes per hour (ACH): 5
- Clean air delivery rate (CADR) - Smoke: 72 m³ per hour (42.3 cfm)

For more specifications, see the datasheet in the downloads tab.

Product Attributes

EAN:	7350095240472
Manufacturer number:	500599
Product weight:	2.8 kilograms
Pieces per master carton:	32 Piece

Technical specifications

Air quality monitoring:	true
App-controlled:	Yes
Clean air delivery rate (m³/h) - smoke:	72
Fan speed settings:	3, Automatic
Filter technology:	HEPAsilent
Recommended filter change:	6
Sound level:	38-55
Timer:	true

Energy Management

Power consumption:	11.5
