## TN-175 Full Automatic Turntable, Black

248054

TN-175 is a 2-speed full-automatic belt-drive turntable supporting 33/45 rpm. It comes with built-in phono equalizing amplifier, phono and line outputs and a VM(MM) type cartridge AT3600L by audio-technica.

### PRODUCT DETAILS

#### 2 speed turntable with full automatic operation

The TN-175 plays LP, EP records. The tone arm automatically moves to play the vinyl and returns to the original position as playback finished. A VM (MM)-type cartridge AT3600L by audio technica is pre-installed to the static balanced straight tonearm at the factory, so you can start playing records as soon as you open the box.

#### High Quality MDF cabinet construction

Unlike others with plastic chassis, a single wooden board with MDF minimizes vibrations and resonance to playback of your vinyl record library with clearer sound.

#### Built in MM type Phono EQ amplifier

Enjoy vinyl playback with any amplifier regardless of the type of inputs. The TN-175 supports both Phono and Line output that allows you to play vinyl with or without a Phono pre-amp.

#### Authentic belt drive turntable

The plastic platter is driven by a high torque DC motor, while precision stainless steel spindle maintain accurate rotation speed.

#### Features at a glance

- Full automatic belt drive turntable
- Static balance straight tonearm
- High Quality MDF construction for improved resonance reduction
- Vibration absorbing rubber bumper feet
- Detachable acrylic dust cover
- Built in MM type phono pre amplifier
- High quality MM cartridge AT3600L by audio technica pre installed
- Phono and Line outputs
- 2 speed (33/45 RPM)

#### Included Accessories

- Rubber Mat x 1
- EP Adapter x 1
- VM (MM) type Cartridge AT3600L x 1 ( Pre installed)

- Dust Cover x 1
- Dust Cover Hinges x 2
- RCA Audio Cable x 1
- AC Adapter (GPE053A V120050 Z) x 1
- Owner's Manual (including Warranty)
