

GOVIEW

GoView Binoculars ZOOMR 10x34, Sunset Orange

251777

The compact GOVIEW® ZOOMR™ 10x34 makes it easy for you to enter the world of nature observation. The main reason for its lightness is its resistant magnesium housing, which contains lenses that provide a perfect zoom and particularly brilliant colors. The 10x magnification means that you can see an object 100 meters away as if it were only 10 meters away. So you never have to miss an exciting detail in the distance again. The modern design of the GOVIEW® ZOOMR™ 10x34 comes in five trendy colors.

PRODUCT DETAILS

Your first nature expedition awaits
The compact GOVIEW® ZOOMR™ 10x34 makes it easy for you to enter the world of nature observation. The main reason for its lightness is its resistant magnesium housing, which contains lenses that provide a perfect zoom and particularly brilliant colors. The 10x magnification means that you can see an object 100 meters away as if it were only 10 meters away. So you never have to miss an exciting detail in the distance again. The modern design of the GOVIEW® ZOOMR™ 10x34 comes in five trendy colors.

Discover the unique details of your world with style and innovation
Inspired by the demands of professionals, GOVIEW® ZOOMR™ binoculars and monoculars come with an elegant design and many technical refinements for your use in nature, travel, sports or daily life.

To provide you with a new optical experience, the GOVIEW® ZOOMR™ series combines many years of technological know-how with a modern and colorful design language, under which many highquality details are hidden: the binoculars and monoculars are protected against water and fogging by a nitrogen filling and are particularly compact, durable and robust thanks to their magnesium or glass-fiber reinforced plastic housing - without weighing much.

The complete optics are optimized for a maximum field of view and all lenses are multi-coated. In addition, the innovative design guarantees maximum ergonomics, so that you have a firm grip on your binoculars on all adventures - and if you don't have a hand free, the high-quality carrying strap ensures that you always have them at hand.

If you wear glasses, you can easily adjust the binoculars and monoculars of the GOVIEW® ZOOMR™ series to your needs with the extendable eyecups - alternatively, you can of course adjust your eyesight with the aluminum diopter adjustment. In addition, each pair of binoculars and monoculars comes with

a wide range of accessories: a high-quality carrying case, protective caps, a cleaning cloth, our PORTR™ carrying strap and the universal CLOSR™ smartphone adapter, to share your impressions online.

Now it's your turn, discover the GOVIEW® product world and experience your life with different eyes

Specs

Product Attributes

EAN:	4260527415930
Manufacturer number:	GB1104
Product weight:	0.0 kilograms

Optical Parameters

Magnification:	10x
Objective lens diameter:	34
Eyepiece and objective coating:	Fully Multi Coated
Prism:	BAK4
Pupil distance:	56-76
Field of view (degree):	6
Field of view (meter):	105
Exit pupil:	3.3
Eye relief:	16

Features

Rotating eyecups:	true
Filling:	Nitrogen
Material:	Magnesium

Durability

IP classification:	IPX5
Operation temperature:	-10° C to +65° C

Dimensions and Weight

Product height:	4.43
Product width:	12.48
Product length:	12.88
Product weight:	0.492
