

Large Tube Mount RollBars+Pipes+More

148809

Attach your GoPro to roll bars, railings or any tubes from 3.5 to 6.35cm in diameter. The hinged, non-slip design is perfect for mounting to roof racks and more.

PRODUCT DETAILS

Attach your GoPro to roll bars, railings or any tubes from 3.5 to 6.35cm in diameter. The hinged, non-slip design is perfect for mounting to roof racks and more. The integrated base rotates 360° to let you capture shots from any angle at the push of a button. Move your camera between mounts on the fly with the included Vertical Mounting Buckle to enable multiple POVs for more dynamic footage.

- The hinged, non-slip design connects quickly to any 3.5 to 6.35cm diameter tube
- Integrated base features 360° rotation with 16 secure positions, ensuring the perfect camera angle
- Move your camera between mounts on the fly with the included Vertical Mounting Buckle to enable multiple POVs for more dynamic footage
- Durable construction prevents slipping and breaking and minimizes vibration and camera shake
- No loose parts to drop or lose
- Compatible with all GoPro cameras
