

Wilfa Pure Boil Electric kettle, 1.8 liter Silver

251935

Wilfa Pure Boil is a kettle with a stylish glass design. Blue LED lighting illuminates the jug during the boiling process. Holds 1.8 litres.

PRODUCT DETAILS

Pure Boil Kettle - The Boiling Point

The Pure Boil kettle boils water quickly and the jug is made of durable borosilicate glass.

Borosilicate glass

Borosilicate glass is a heat-resistant glass that is often used, for example, for microwave-safe glassware and kitchenware.

Everyday use

The kettle is 2200 watts and quickly boils 1.8 litres of water. The practical Pure Boil can easily be handled with just one hand thanks to its smart and ergonomic design.

Automatic shut-off

Shuts off automatically when the water is boiling and if protects even if the kettle should be switched on without water in it.
