

# Fusion 1000 Blender

254712

Fusion 1000 is a slim blender that makes it easy to blend both frozen fruit, berries, and ice. Choose between two smart preset programs, pulse function, and adjustable speed to achieve exactly the result you want. The blender's blades are specially developed to optimally blend frozen ingredients to perfection.

## PRODUCT DETAILS

### Capacity

With a large 1.5-liter jar, you can easily make smoothies for the whole family.

### Power

Fusion 1000 is a blender with a 1000W motor and comes with 6 blades specially designed to efficiently and easily crush ice and frozen berries.

### Programs and pulse function

To achieve optimal blending, Fusion 1000 is equipped with two preset programs for the most common uses: smoothie and ice crushing. Additionally, it has a pulse function that allows you to quickly maximize the speed with just one button press.

### Adjustable speed

In addition to the programs and pulse function, the blender also has a digital speed control, allowing you to easily adjust the speed according to your needs and giving you full control over the process.

### Smart accessory for 2GO

Fusion 1000 is compatible with the Smooth 2GO bottle, so you can choose to blend your smoothie directly in the bottle to take with you. This gives you minimal washing up on busy mornings and the convenience of taking your smoothie on the go. The Smooth 2GO bottle is sold separately.

### Add ingredients

Add ingredients while blending through the small opening in the lid. Here, you can easily add ingredients without having to pause the blender.

### Easy cleaning

The jar is easily cleaned after use by pouring in warm water and a few drops of dish soap, then holding the pulse button on the blender until the jar is completely clean.

### Safe to use

The blender is equipped with a built-in safety lock, which means the blender cannot start until the jar is properly mounted, making it safe and easy to use.

## Specs

### Product Attributes

EAN:	7044876041609
Manufacturer number:	604160
