PRODUCT DETAILS

Size 16L, 21L

The Thule Tact 2025 is a 21-liter backpack meticulously designed for adults navigating the urban jungle. Whether you're a seasoned professional or a student on the go, this backpack seamlessly blends rugged durability with sleek, modern aesthetics.

Built for Protection, Designed for Organization

This isn't just a bag to carry your belongings; it's a mobile fortress for your valuables. The Thule Tact 2025 features a dedicated, padded laptop compartment that safeguards your device from bumps and drops. Beyond your tech, the backpack boasts a spacious main compartment with intelligent internal organization. Keep your essentials neatly arranged and easily accessible with dedicated pockets for your phone, pens, documents, and more.

Comfort That Goes the Distance

Long commutes and busy days are no match for the Thule Tact 2025. The backpack is engineered with ergonomic principles in mind, featuring adjustable shoulder straps and a sternum strap for a secure and comfortable fit. The air-flow back panel ensures breathability, keeping you cool and dry even on the move.

Ready for Anything

Crafted from durable, water-resistant materials, the Thule Tact 2025 is built to withstand the rigors of daily use. Its sleek, minimalist design seamlessly transitions from work to weekend adventures.
