

Nursey Pal Dual Vision 5"

251481

Nursery Pal Dual Vision is a smart, high-definition baby monitor that features dual cameras, allowing for normal and wide-angle views from the same device.

PRODUCT DETAILS

Nursery Pal Dual Vision

Nursery Pal Dual Vision is a smart, high-definition baby monitor that features dual cameras, allowing for normal and wide-angle views from the same device. From the complimentary handheld parent unit, easily adjust either camera with remote pan, tilt, and zoom, making it easier than ever to keep an eye on your sweet baby. As your baby sleeps, Nursery Pal Dual Vision analyzes sleep patterns and creates insightful reports for you to view in the Baby Video Sleep Diary. Soothe your little one to sleep with preloaded nature sounds, lullabies, and audiobooks, or calm them with your familiar voice using Two-Way Talk. With the parent unit, track nursery room temperature with the touch of a button, ensuring that your baby is always comfortable. Nursery Pal Dual Vision. More Than Just a Baby Monitor.

The Latest Innovation in Baby Monitoring

At Hubble Connected, we're constantly inspiring and innovating to optimize your home. That's why we're introducing Nursery Pal Dual Vision, the smart HD baby monitor which features dual lenses for standard and wide-angle view from the same device. With the complimentary parent unit, it's easier than ever to keep an eye on your little one. Our baby monitors are no longer just for parents. Lull your little one to sleep with pre-loaded nature sounds, lullabies & audiobooks, soothe them with your familiar voice using Two-Way Talk, and even track nursery room temperatures with the touch of a button to ensure your newborn is always comfortable.

Dual Lenses for Better Vision

Nursery Pal Dual Vision is a smart, high-definition baby monitor that features dual cameras, allowing for normal and wide-angle views from the same device. Conveniently adjust either lens with remote pan, tilt and zoom functions to secure the perfect view. Monitor your child in their crib, while using the wide angle lens to monitor the rest of the nursery. With dual lenses, your baby monitor just doubled in efficiency.

Hubbleclub Dashboard

Take video recordings with the press of a button. Take screen captures, view the gallery, browse motion, sound and temperature alerts, all on the same screen.
