PRODUCT DETAILS

Ease Tension On the Go Ergonomic Grip Travel-Friendly Design

The redesigned Theragun Mini is now 30% smaller and 30% lighter than the original, yet just as effective. Scientifically proven to relieve aches and pains, ease tension and reduce stress, Theragun Mini makes it easy to get the relief you need anytime, anywhere. Comfortably treat different areas of the body with an easy-to-hold grip, three scientifically designed attachments and a quiet, anti-stall motor that delivers reliable, targeted relief. Perfect for long flights, daily commutes, lunch breaks or a round of golf, Theragun Mini tucks into your travel bag for quick, easy relief wherever life takes you.
