

The Handler Floating Hand Grip

248884

A floating grip for handheld shots in and out of the water. Perfect for selfie, POV and follow footage.

PRODUCT DETAILS

The Handler

Get a solid grip on your GoPro and keep it afloat better than ever before with The Handler. This floating hand grip gives you stability and control to get your shot, and the quick release base lets you switch between mounts with ease. Drop it in the water and the bright orange end of the handle pops to the surface, making it easy to spot.

- Keeps your GoPro afloat better than ever before so you can shoot in and around the water worry-free
- Easy to switch between mounts with a quick release base
- Makes it easy to aim your camera and capture a bunch of different angles
- Comfortable, non-slip construction for a secure grip
- Perfect for surfing, kayaking, wakeboarding and other water sports
- Bright orange cap piece is easy to spot if you ever drop it in the water
- Enables more stable footage than holding the camera by hand
- Wrist strap lanyard included for extra security
