### DETALLES DEL PRODUCTO

#### Long playtime

JBuds Air Pro features 9 hours of playtime in each earbud and 27 extra hours from the charging case (36 hour total). Yep. That'll get you through a full work week and some workouts.

#### Connect to multiple devices

With Bluetooth Multipoint you enjoy the versatility of transitioning seamlessly from device to device. Hop from podcast on your computer to a call on your mobile. You can connect simultaneously to two devices – mobile, laptop and/or computer.

#### Safe listening

Be Aware Mode lets outside noises in – so you know what's around you. Designed for you, the JBuds Air Pro are created to keep you safe for a run, walk or let you converse while still listening to music. Another feature to offer surprisingly awesome value.

#### Everyday-proof IP55

You want an earbud that can keep up with you. The JBuds Air Pro are sweat and dustproof for your life on-the-go with an IP55 rating.

#### Dual-connect either earbud

Use either earbud independently or use both together to match your activity and environment. No matter Left, Right, or all-together, you can always count on great sound. And with a built-in MEMS microphone in each bud, you'll get clear calls every time.

#### JLab quality sound

We get it, sound is personal. With just a few taps on the touch sensors, you can choose your sound preference from our EQ3 settings: JLab Signature, Balanced, and Bass Boost—no app needed. No matter what you're into, JLab offers incredible sound for all of life's moments—that's Lab Quality Sound.

#### Auto play/pause

With wear detect sensors your music or show will automatically pause when you remove the buds from your ears. It's another way to do tech better.
