

Auriculares deportivos True wireless Skullcandy Push Active, Negro

254144

Push Active™ is a true wireless model with a fit that won’t fall out. With hands-free voice control, flexible over-ear hooks and superior water & sweat-resistance, they are the ultimate audio partner for any active adventure.

DETALLES DEL PRODUCTO

SKULL-IQ TECHNOLOGY
Exclusive Skull-iQ technology improves sound, gives the listener hands-free, interruption-free control and enhances safety with Stay-Aware Mode. Push Active responds to voice commands and boasts other advanced features like Share Audio, Spotify Tap and firmwear update capabilities to unlock future technologies.

FEARLESS USE
With a water, sweat and dust resistance rating of IP55, Push Active is ready for your most intense workout. Ten hours of battery life in the earbud and 34 more hours available in the charging case ensure Push Active can easily keep up all day. Secure over-ear hangers keep Push Active comfortably in place, and it comes with Tile™ Finding Technology built-in — if an earbud is misplaced, you can simply ‘ring’ it from the free Tile app.

SIMPLIFY YOUR LISTENING
Despite its impressive menu of advanced features, Push Active is intuitive and easy to use. The first time Push Active is removed from its charging case, it automatically powers on and enters pairing mode. After that, Push Active automatically pairs with the last device used every time it’s activated. With Push Active and the Skullcandy App, you can start Spotify, adjust volume, skip tracks, take calls, and activate an assistant without ever touching your phone.

SUPREME SOUND
At Skullcandy, we specialize in great sound. Custom EQs allow the user to personalize their sound and dual noise-reducing microphones provide exceptional call clarity. Push Active features microphones and drivers that have been selected and expertly tuned, in combination with our noise-isolating fit, to deliver the best audio quality for any music genre or media.
