

JBuds ANC TWS Earbuds Black

253115

New JBuds ANC pack a punch with noise cancelation and Bluetooth Multipoint for quiet focus wherever you go. Imagine you put in your earbuds in the morning and they go with you through your day without a thought. From work calls on your laptop, to listening to a podcast on your mobile, to walking the dog and watching a movie. You need headphones that are versatile as you. And JLab ANC are here for all of it.

DÉTAILS DU PRODUIT

Smart Active Noise Canceling™

Smart Active Noise Cancellation adjusts to the environment and continually learns how to best cancel noises, offering the best audio experience. Control how you hear outside noise with three noise control modes: ANC On, ANC Off and Be Aware (pass through outside noises). Dial in your settings using the JLab App. Learn more at jlabaudio.com/SmartANC

JLab App

With the new JLab app, you'll have control to customize the Noise Control settings, touch controls, and sound to your personal preference – or use the presets for JLab Signature, Balance or Bass Boost. Plus get software updates for your product right when they're available. Available on the App or Google Play Store.

Serious Playtime

JBuds ANC features 9+ hours of wireless playtime in each earbud and 33+ additional hours from the charging case. That's 42+ total hours of Bluetooth 5 playtime. Plus, use ANC to tune out even more and you'll get 34+ total hours of ANC playtime.

CONNECT TO MULTIPLE DEVICES

With Bluetooth Multipoint you enjoy the versatility of transitioning seamlessly from device to device. Hop from podcast on your computer to a call on your mobile. You can connect simultaneously to two devices – mobile, laptop and/or computer.

Safe Listening

Hear your surroundings while you run or walk for safe listening with Be Aware Audio. Turn on when you want to let ambient noise in or off to zone out with just your music. Designed for you, the JBuds ANC allows road noise in or lets you converse while still listening to your headphones.

Everyday proof IP55

You want an earbud that can keep up with you. The JBuds ANC are sweat and dustproof for your life on-the-go with an IP55 rating. That's durability for all life's adventures.

Clear Calls

Whether you're in a busy office or a noisy city street, the JBuds Mini noise-canceling mic ensures crystal clear calls. The MEMS mic in each bud helps eliminate background noise, ensuring that your voice is heard loud and clear on the other end. Use either earbud independently or use both together.

JLab Quality Sound

We get it, sound is personal. With just a few taps on the touch sensors, you can choose your sound preference from our EQ3 settings: JLab Signature, Balanced, and Bass Boost—no app needed. No matter what you're into, JLab offers incredible sound for all of life's moments—that's Lab Quality Sound.

Google Fast Pair

Enhance your JLab earbud experience with Google Fast Pair! Easily pair with Android 10+ devices and utilize Google Find My for individual earbud tracking. Download the Google Find My app for effortless location tracking based on the last connected location. Non-Android users can also enjoy seamless connectivity with JLab earbuds on any Bluetooth-enabled device, ensuring a hassle-free experience.

Tech Specs

Audio

- Speaker: 10 mm dynamic driver
- Output: 105 +/-3 dB
- Microphone: 3 MEMS -42dB+/-3dB
