

Skullcandy Grind wireless earbuds, 40h battery, Black

254133

Meet the aptly named true wireless earbud for every part of your daily grind. Say hello to Grind™. Thanks to premium sound, hands-free voice control and a water/sweat-resistant build, these are truly your everyday, do-it-all earbuds.

DÉTAILS DU PRODUIT

SKULL-IQ TECHNOLOGY

Our exclusive Skull-iQ technology will change the way the world thinks about earbuds. Grind features voice or one-tap access to Spotify. It responds to voice commands and boasts other advanced features like Share Audio and a customizable remote selfie button. Plus, ongoing firmware updates mean feature possibilities are limitless.

SIMPLIFY YOUR LISTENING

Despite its impressive menu of advanced features, Grind is intuitive and easy to use. The first time Grind is removed from its charge case, it automatically powers on and enters pairing mode. After that, it automatically pairs with the last device used every time it's activated. With Grind and the Skullcandy App, you can start Spotify, adjust volume, skip tracks, take calls and activate an assistant without ever touching your phone.

SUPREME SOUND

At Skullcandy, we specialize in great sound. Grind features expertly-tuned acoustic drivers to deliver the best audio quality for any music genre or media. In addition, the dual noise-reducing microphones create an exceptionally natural and clear call quality experience. That's Supreme Sound.

FEARLESS USE

Grind is tough. It shrugs off water, dust and sweat. It comes with Tile® Finding Technology built-in — if an earbud is misplaced, the user can simply 'ring' it from the free Tile app. With 9 hours of battery life in the earbuds and another 31 in the case, Grind keeps going strong, day after day.
