

## Skullcandy Rail ANC True wireless earbuds, Black

253821

Introducing Rail ANC – the new, top-shelf noise-canceling true wireless earbud from Skullcandy. Rail ANC is fully loaded with wireless charging, Skullcandy Supreme Sound™, Skull-iQ Smart Feature Technology™ and best-in-class adjustable 4-mic hybrid ANC.

Coloris

### DÉTAILS DU PRODUIT

#### SKULL-IQ + VOICE CONTROL

Rail ANC comes with adjustable hybrid 4-mic Active Noise Canceling. It also features Skull-iQ Smart Feature Technology with over-the-air upgrade capabilities and Hands-Free Voice Control, now available in multiple language options.

#### FEARLESS USE™

Rail ANC provides 27 hours of listening time with ANC on and 38 hours with it off. Plus, Multipoint Pairing lets you connect your earbuds to two devices simultaneously — Rail ANC manages your connections automatically.

#### SUPREME SOUND™

At Skullcandy, we specialize in great sound. Rail ANC features 12mm drivers that have been selected and expertly tuned, in combination with dual Clear Voice Smart Mics, which use A.I. to isolate the speaker's voice and reduce background noise. Plus, Personal Sound by Mimi® lets you custom-tune the sound to your individual hearing through the Skullcandy App.

#### SIMPLIFY YOUR LISTENING™

Rail ANC includes the simple convenience of a wireless charging case. A Capacitive Touch Control on each earbud makes adjustments easy and intuitive. You can even set up your earbuds exactly how you want them with customizable user interface settings in the Skull-iQ App.
