DÉTAILS DU PRODUIT

FEEL THE APPEAL OF POWER

Portable speaker with Bluetooth and True Wireless function.

Connect two speakers to the same smartphone and play music in stereo. #PARTY has up to 10 hours of battery life and features a microphone to answer, reject or end phone calls. With USB input, you can play music from your pen drive or simply use it as a powerbank. Thanks to IPX7 water resistance, the speaker can even be submerged in water. #PARTY has AUX-in so you can connect your devices via cable. The speaker is robust and stands out for its sound quality (up to 40W). Available in four colors: blue, black, pink and burgundy.

#PARTY WITHSTANDS EVERYTHING

Thanks to the speaker's IPX7 water resistance, you can take it to the shower, pool and to the beach. Even submerging it in water won't do the speaker any harm.

A TRUE EXPERIENCE

The True Wireless technology allows you to connect two #PARTY speakers from the same smartphone to amplify their power. A whole festival of sound worth listening to.

BIG WORDS

When you talk about power, quality, performance and efficiency, you're talking about the #PARTY speaker. Feel premium sound like you've never felt before.
