

Machine à glaçons Wilfa Glacier

253736

The Glacier ice cube machine is an efficient ice cube maker with a stylish matte black design that produces 12 kg of ice in 24 hours. It's small and attractive, making it easy to place on the kitchen counter or in a kitchen cupboard to provide fresh ice every day.

DÉTAILS DU PRODUIT

Capacity

The Glacier ice cube machine has a large capacity, producing 12 kg of ice cubes in 24 hours. That equates to 48 ice cubes per hour for large cubes and 56 ice cubes per hour for small ones, making 8 ice cubes at a time. This capacity allows for easy chilling of large quantities of drinks.

Ice Cubes in 2 Sizes

Via the control panel, you can easily choose between two different sizes of ice cubes:

- Large: 2.4 x 3.4 cm
- Small: 2.2 x 3.2 cm

Transparent Lid

The ice cube maker features a transparent lid, allowing you to easily monitor the ice cube production process without needing to open the lid.

Practical Design

The design of the ice cube maker is highly practical, taking up minimal space on the kitchen counter while having the capacity to produce a large amount of ice. The dimensions are 20.6x26.8x28.2 cm.

Control Panel

The control panel offers several functions. You can choose between large or small ice cubes, and it notifies you when the container is full or when you need to add more water.

Using the Ice Cube Maker

Filling the ice cube machine with water is easy, as is emptying the water container to top up with fresh water if the machine has been unused for a few days. It can be easily emptied via the drain plug on the underside of the machine. Only use potable water in the ice maker.

Cleaning

Glacier features its own cleaning function, which is initiated via the control panel. The machine should be cleaned regularly, both externally and internally.

Features

- 2 sizes of ice cubes
- Make 12 kg of ice in 24 hours
- Removable ice box
- Fully automatic compressor, freezes during preparation
- Brushed steel
- LCD display with digital timer
- Temperature between -18° and -35°C
