## T10 Cordless vacuum cleaner

251676

The Dreame T10 is a cordless, handheld vacuum cleaner with a total output of up to 400 watts. The 2500mAh battery keeps it running for up to 60 minutes on a single charge, and will fully recharge after 3.5 hours in the charging station. Need to clean for more than 60 minutes? Exchangeable batteries keep you going as long as you want. A dust collector of 0.6 liters and various brush attachments lets you use it anywhere and everywhere in the house.

### DÉTAILS DU PRODUIT

#### **Versatile roller brush for various floor types.**

The V-shape brush is suitable for multiple floor types, including carpets. Hairs will be channeled neatly through the v-shape tunnels on the roller brush.

#### **Works up to 60 minutes.**

No need to worry about the battery capacity in a cleanup. Works up to 60min in Eco Mode, 26min in Med Mode, and 8min in Turbo Mode.

#### **One click to free your finger.**

Effortlessly switch between continuous working mode and instant working mode.

#### **Your cleaning is multilayered reassured.**

Dust should stay in the dust cup, not anywhere else. T10 comes with a refined filtration system to keep the dust from returning to the air.

#### **Takes on various cleanings with five brushes.**

- Roller brush for multiple floor types.
- Crevice brush for nooks and crannies.
- Extension rod for high areas.
- Mini motorized brush for beds and couches.
- 2-in-1 brush for additional needs.
