Calling for Your Call

When needed, clean your Call with
 your smartest cell. Call with a
 new or better speaker. This cell
 not to touch the speaker element. Do
 not set anything on top of your Call.

Extend to your best-seller Call

SYN 3.1 has a built-in, automatic
 call extension feature. This feature
 intelligently routes all incoming and
 outgoing calls to the best speaker
 available in your room. You can
 also manually select the speaker
 you want to use for your call.
