PRODUCT DETAILS

OPTIMISED FOR LOUD
Carry the heaviest portable sound in your hand. Middleton delivers the loudest sound possible for a speaker of this size. This speaker is built with two 3/5” tweeters, two 3” woofers and two passive radiators in a quad-speaker set-up to ensure the ultimate immersive experience wherever you roam. Built-in Dynamic Loudness adjusts the tonal balance of the sound to ensure your music sounds brilliant at every volume. Middleton utilises True Stereophonic, a unique form of multi-directional sound from Marshall. True Stereophonic is stereo sound, but not as you’ve heard it before. Experience superior spatial and binaural sound that flows around you and fills any space. Indoors or out, take your speaker anywhere you like and be immersed in your music. This is absolute 360° sound – where every spot is a sweet spot.

ULTIMATE PORTABILITY, RAIN OR SHINE
Middleton is equally at home in the festival mud or on your polished sideboard thanks to its iconic yet durable design. This speaker is your lifeline on the go, with a grabbable carry strap and trusty power bank capability. Connect with your USB-C cable and charge your device on the move – don’t let a low battery dictate your day. This tough-as-nails speaker boasts an IP67 dust- and water-resistant design and can be submerged in 1 m of water for a period of up to 30 minutes. Middleton has a thick skin, and rain and dirt won’t get under it.

20+ HOURS OF PORTABLE PLAYTIME
Middleton keeps the music going with 20+ hours of portable playtime on a single charge. When you do need to charge, it only takes 4.5 hours to return Middleton to full power and you can quickly charge before you head out – only 20 minutes of charging give you 2 hours of playtime. The next encore is never far away.

AMPLIFY YOUR SOUND WITH STACK MODE
Connect Middleton to as many other Middleton speakers as you like and amplify the sound with a multi-speaker Stack session. Stack them up or spread them out for a colossal sound that fits whatever space you’re in. Whether you’re filling the room with music or taking the party outside, Middleton brings a

sound as big as your imagination.

SUPERIOR, HASSLE-FREE LISTENING
Middleton drops you straight into your music with no fuss – just pair and play. Enjoy a superior audio experience, free from wires, at a range of up to 10 m (30 ft) with Bluetooth 5.1. For a more customised sound, adjust the bass and treble on the top of the speaker, or download the app to control the sound wirelessly. Over the Air (OTA) updates keep your speaker up to date with the latest software. The dedicated app gives you control where you want it but won't slow you down with a complicated set-up – nothing stands between you and your music. Use the multi-directional control knob to quickly play, pause, skip tracks and adjust the volume, as well as turn the speaker on or off. Multi-host functionality allows you to connect Middleton to two devices at once – for when the music is too good not to share.

MAKING MUSIC MORE SUSTAINABLE
Middleton holds true to the iconic design that speaks to the brand's heritage while delivering on a more sustainable approach. This speaker's sturdy build comprises 55% post-consumer recycled plastic from used electronics, water bottles and automotive light covers, and is 100% PVC-free. Marshall is dedicated to creating positive change in the world, and continues to work towards building longer-lasting, more sustainable products.

What's in the box

- Middleton speaker
- Detachable carry strap
