

JisuLife

JisuLife nekventilator 4, lichtblauw

256557

Lightweight handsfree neck fan with powerful, adjustable cooling. Designed with an ergonomic, bladeless structure, this wearable neck fan follows the natural curve of your neck for comfortable support and continuous airflow. Dual air intakes and multiple outlets deliver focused cooling to the neck and face, while five adjustable speed levels let you tailor airflow to your needs. The 5000mAh rechargeable battery provides up to 16.5 hours of runtime with convenient USBC charging. Safe, quiet, and easy to wear, it’s ideal for travel, outdoor work, workouts, commuting, and allday summer comfort.

PRODUCT DETAILS

Ergonomic Design for Comfortable Neck Support
The upgraded ergonomic structure is designed to follow the natural curve of your neck, helping reduce pressure during extended wear. This portable neck fan also features breathable air channels that deliver refreshing airflow, keeping you cool and comfortable during concerts, outdoor work, travel, and other activities.

Powerful Cooling with 5 Adjustable Speeds
With dual air intakes and multiple outlets on both sides, this neck fan directs cool airflow toward your neck and face. It offers five wind speed levels, allowing you to easily adjust the cooling intensity by pressing the power button.

Long Battery Life with USB-C Charging
Equipped with a 5000mAh rechargeable battery, this neck fan provides 2.5 to 16.5 hours of operation depending on the selected speed. It fully charges in about 3–4 hours via USB Type-C, and it can continue running while plugged in for uninterrupted cooling.

Lightweight and Hands-Free Comfort
Weighing only 9.88 ounces, this wearable neck fan is light enough for prolonged use without discomfort. The hands-free design makes it ideal for activities such as hiking, exercising at the gym, cycling, or commuting.

Bladeless Safety and Everyday Convenience
The bladeless design prevents hair from getting caught and reduces the risk of finger injuries, making it
