

ULTRAHUMAN

Ultrahuman Maatschetsset voor Ring AIR

254993

The Ultrahuman Sizing Kit is a precise sizing tool designed to ensure the perfect fit for the Ultrahuman Ring Air. It contains various trial sizes to help you find the ideal ring size for optimal comfort and accurate health monitoring. Made from lightweight, high quality material, the kit ensures a seamless fit before you choose your final ring. Perfectly aligned with the Ultrahuman app to ensure your smart ring accurately tracks your fitness and health data - anytime, anywhere.

PRODUCT DETAILS

Determine size first
Ultrahuman ring sizes are different from standard ring sizes. Purchase a sizing kit first to get the perfect ring AIR size. The Ring AIR is available in 10 sizes from 5–14.

Trying the sizing ring
It is important to first use the sizing kit to determine the Ring AIR size. Wear your ring sizer for at least 24 hours to determine your fit. Wear the ring so that the engraved size number is towards the palm of your hand.

Finding the correct finger
For optimal comfort and advanced sleep tracking, we recommend you wear the ULTRAHUMAN Ring AIR on your index, middle or ring finger.

Fit check
You will get the most accurate data and optimal comfort with a properly fitting Ultrahuman Ring. There are a few simple ways to assess this — If you rotate the ring on your finger, it should not rotate freely.

Choose your ring
Once you have determined your size using our sizing kit, you can order your Ultrahuman Smart Ring directly here in the store.

Build quality
While our sizing kit is made of high-grade plastic, the Ultrahuman Ring stands leagues apart in its material composition. Crafted from space grade titanium and coated with scratch-resistant tungsten carbide, your Ultrahuman Smart Ring promises superior quality and durability.

Pick your colour
Once you know your size, you can now choose the colour of your ring from the swatch card provided in the box. The swatch card showcases all 5 colours: Aster Black, Space Silver, Bionic Gold, Matt Grey, and Raw Titanium. Find the perfect match for your style.

What`s in the box?

- A set of trial rings (Sizes 5-14) to help you find the perfect fit.
- A sizing guide with instructions on selecting the right size.
- A color option sheet featuring real material samples, allowing you to see and feel the available finishes before choosing your ring.
