Kleur

PRODUCT DETAILS

Silent-self-watering
Up to 4 weeks autonomy. Water consumption is 5x lower than for a soil-based crop The garden light flashes when the tank needs to be filled.

Accelerated growth, sublimated flavours
SAVORYLIGHTTM energy-efficient LED grow lights reproduce day/night light cycle. Low energy consumption.

It's easy, no need to be an expert
Each plant comes in the form of a Lingot: a ready-to-use refill that includes all the elements needed for successful growth (natural substrate, ORGANIC seeds and essential nutrients). A collection of 74 flavours. Their large growing surface offers you 4 to 6 months of harvest per Lingot. They are 100% biodegradable, pesticide and GMO-free.

Made in France and eco-friendly
Designed, manufactured and assembled in France, the packaging is eco-designed. The products are recyclable and the refills are biodegradable and compostable.
