

TG Attachment Wedge

256837

Therabody Theragun Wedge Attachment: delivers firm, targeted pressure to shoulder blades and IT bands, using scraping and flushing motions to ease tension, improve mobility and boost circulation.

Farge

PRODUCT DETAILS

Wedge Attachment

The Wedge Attachment delivers firm pressure to target shoulder blades and IT bands with precision. Perfect for "scraping" and "flushing" motions, it mimics similar deep tissue techniques to improve mobility and circulation.

Ease tight spots with firm, controlled pressure

Speed up muscle recovery with targeted scraping and flushing to quickly relieve stubborn tension, improve mobility and boost circulation — so you can stay at peak performance

Product Specifications
