

Blueair Particle + Carbon Filter for Cabin series

249283

Compatible with Cabin P1, Cabin P2i & Cabin P2iD

PRODUCT DETAILS

A winning combination

The combination particle + carbon filter removes annoying household odors, chemicals, and gases, as well as 99.97% of airborne particles, like pollen, dust, viruses, and more with Blueair's HEPASilent™ filtration technology.

Genuine performance, superior quality

Unlike generic look-a-likes, genuine Blueair replacement filters are specifically designed to maintain superior performance over time and ensures your warranty remains intact.

Replacement is easy

When it's time to replace your filter (every 6 months or so), just open the lid, take out the old filter and put the new one in. No screws, hooks or tools are needed. You'll be done in less than a minute.
