

Skullcandy PLYR Multi - Platform Bluetooth® Gaming Headset

254142

Welcome to Skullcandy PLYR: the ultimate gaming headset for the ultimate player wanting cutting-edge, versatile technology so they can hear every detail and keep them one step ahead in every game. Plug in or play wirelessly while enjoying the most immersive, unrivaled low-latency gaming experience possible.

PRODUCT DETAILS

Skullcandy Supreme Sound, Tuned to You

Experience premium audio with powerful 50mm drivers and Enhanced Sound Perception (ESP), which creates a personalized sound profile through the Skullcandy desktop and mobile apps. Choose from advanced EQ modes for gaming, movies, music, and podcasts, and enjoy Dual Connect technology that lets you stay connected to your game and mobile device at the same time.

Crystal Clear Communication

Clear Voice Smart Mic technology uses artificial intelligence to eliminate background noise and deliver crystal-clear voice transmission. Compatible with both the detachable boom mic and built-in microphone, it also features a convenient LED mute indicator so you always know your microphone status.

Play-All-Day Performance Design

Designed for comfort and durability, the lightweight headset features flexible materials, memory foam ear cushions, and breathable, moisture-wicking fabric. With up to 20 hours of battery life and Rapid Charge technology, it's built to keep up with even the longest gaming sessions.

Skull-HQ Software

Customize your gaming experience with Skull-HQ software. Fine-tune your headset using the ESP hearing test, adjust sidetone levels, balance gaming and chat audio, control microphone pickup, and create custom EQ presets. The software also provides battery status, firmware updates, and support information.

Key Features

- 50mm premium audio drivers with personalized ESP sound profiles
