

Hubble Connected Nursery Pal Deluxe Smart HD Baby Monitor with Touch Screen & Portable Camera

251480

With Nursery Pal Deluxe, baby monitors are no longer just for parents. This innovative Hubble product comes with a 5" HD color touch screen that doubles as an interactive viewer for children to use as they grow, including videos, picture books and games. Use the parent monitor to quickly pan/tilt and zoom with the camera and enjoy an impressive 1000ft range. The portable camera makes it easy for you to move it from room to room without wires due to the built-in battery. Plus, the included Hubble Grip makes it easier than ever to mount the camera to any surface.

PRODUCT DETAILS

What is Nursery Pal Deluxe?

Hubble Connected is redefining the future of baby tech with its latest innovation, Nursery Pal Deluxe. This smart, HD monitor equips you with more parental capabilities than ever before, providing reliability and reassurance of your child's safety. Experience crystal-clear viewing with the deluxe camera, which is equipped with a privacy protector and a portable rechargeable battery. Effortlessly position the baby unit camera at an elevated angle by using the complimentary Hubble Grip, and observe the video feed from the large 5" parent unit, which features an impressive 1000ft/300m range and up to 15 hours of battery life. Remotely pan, tilt, and zoom to maintain the perfect view. Soothe them to sleep with preloaded nature sounds, lullabies, and audiobooks. Use Two-Way Talk to calm them with your familiar voice, track nursery room temperature to ensure they're always comfortable, and even monitor in the dark with infrared night vision.

But unlike other existing models, Nursery Pal Deluxe is no longer just for parents. This versatile parent unit also functions as an interactive baby viewer for children, offering preloaded videos, picture books and games that entertain and educate your child as they grow. Keep your child and the touch screen viewer safe by sliding on the complimentary protective bumper.

For even more incredible features, download the HubbleClub app! With a HubbleClub subscription, access Video Recording and the Baby Growth & Development Tracker to capture special moments and log each meaningful milestone. Finally, make sure you stay connected anytime, anywhere by setting up sound and motion notifications on your smart device.
