

Cuisinart

Cuisinart Fully Automatic Bean to cup Coffee Machine

255338

- **FULLY AUTOMATIC BARISTA-QUALITY COFFEE AT HOME, HOT OR COLD:** Whether you're craving a bold Espresso to kick-start your day, a smooth Americano, or a refreshing Cold Brew to cool off, this fully automatic machine delivers barista-level results with ease.
- **RICH FLAVOUR & PROFESSIONAL RESULTS BOTH - HOT AND COLD:** Enjoy bold, aromatic coffee every time with 15-bar pump pressure, stainless steel conical burr grinder with adjustable grind settings, plus pressure-based extraction instead of heat for cold brews.
- **BUILT IN MILK FROTHER:** Creates rich, luscious steamed milk or milk alternatives for creamy lattes and velvety cappuccinos, and dispenses hot water.
- **COMPACT DESIGN WITH BIG CAPACITY:** Small footprint, but still a large 1.5L water tank and 150g airtight bean hopper give you the freedom to brew multiple cups back-to-back, making it perfect for entertaining guests, sharing with family, or fueling your own busy day with minimal interruption.
- **SAVE YOUR GO-TO DRINK SETTING:** Convenient Favourite Button lets you program and save your preferred drink settings, so you can enjoy your ideal coffee, perfectly made to your liking, with a single touch
- **FITS ANY MUG OR TRAVEL CUP:** From small espresso shots to tall travel mugs, the flexible base and detachable drip tray make it simple to accommodate drinks of all shapes and sizes.
- **EFFORTLESS COFFEE, MINIMAL CLEANUP:** Automatic descaling function, plus waste container with full indicator collects used grounds for easy cleanup and a hassle-free experience.

PRODUCT DETAILS

Experience coffee shop-quality beverages from the comfort of your home with the Fully Automatic Coffee Machine. Compact, yet powerful - effortlessly brew freshly ground beans into your perfect brew at the touch of a button. Whether you crave a strong espresso, a smooth Americano, or a refreshing cold brew, it offers a range of options to suit every preference.

With multiple brewing choices, including Espresso, Double Espresso, Americano, and Ambient Brew, you can easily control the strength and flavour of your coffee. The intuitive interface ensures your coffee is prepared just how you like it, with no hassle. Enjoy one-touch, personalised brewing, and adjust the preset to your desired measure.

15-bar pump pressure and stainless steel conical burr grinder with adjustable grind settings, which work together to deliver rich, aromatic flavours and pressure-based extraction instead of heat ensures a true cold brew for cold drinks. The integrated milk frother let you create silky lattes and foamy cappuccinos, bringing the barista experience to your kitchen.

Handy Favourite Button allows you to save your personalised brew settings for quick access to your go-to coffee. With the ability to brew both hot and cold coffee, you can enjoy your ideal cup year-round.

No coffee order is too tall for this machine. With its height-adjustable base and removable drip tray, you can easily fit any mug or travel cup. The large 1.5L water tank and 150g bean capacity ensure that you can brew multiple cups without needing to constantly refill, making it perfect for busy mornings or entertaining guests - and all in a compact design which doesn't take up too much space in your kitchen.

Cleanup is simple thanks to the automatic descaling feature and a waste container with a full indicator for used grounds.

From bean to cup, this Fully Automatic Coffee Machine makes it easy to enjoy your perfect cup of coffee every time, whether you're craving something hot or cold, rich or mild.
