PRODUCT DETAILS

Experience the joy of fresh, homemade ice cream with ease with the Cuisinart Cool Scoops Ice Cream Maker. Make ice cream that's creamier, smoother, and fresher than shop-bought varieties with one-touch operation, making the whole process fuss-free!

Easy and Effortless Operation

Simply add your ingredients to the pre-frozen bowl, press start, and you'll have a creamy, delightful frozen treat with no hassle or mess involved. The machine takes care of everything for you and is designed to deliver simple, delicious results with minimal effort.

Versatile and Customisable

Whether you're making creamy ice cream, refreshing frozen yogurt, fruity sorbet, or even frozen drinks, this machine can do it all. The wide spout allows you to add mix-ins like chocolate chunks, fresh berries,

or nuts during the churning process, giving you endless possibilities for flavour combinations.

Fast and Efficient

Equipped with an innovative mixing paddle, this ice cream maker churns out frozen treats in just 20 minutes. The large 1.4L capacity can make the equivalent of 20 scoops at once, ensuring there’s enough for everyone to enjoy in one go.

Superior Freezing Technology

The double-insulated freezer bowl eliminates the need for ice, ensuring even freezing of the ingredients and producing smooth, creamy desserts every time.

Mess-Free Ingredient Adding

With the easy-lock transparent lid and large spout, adding ingredients is simple and mess-free, even while the machine is running. You can watch the entire process as your frozen dessert is being made.

Safe and Reliable

Made from BPA-free materials, the Cuisinart Cool Scoops Ice Cream Maker is safe for you and your family.

Always Ready for a Treat

Designed for ease and enjoyment, this machine makes the entire ice cream-making process stress-free and fun. Cleanup is a breeze, and by keeping the churning bowl ready in your freezer, you’re always just minutes away from a delicious frozen treat!
