PRODUCT DETAILS

MULTI-IQ

With Minelab's revolutionary Multi-IQ technology, you've got the combined power of multiple detectors in one — all working for you at the same time. Nothing goes undiscovered and no terrain is off limits. Unearth the power of X-TERRA ELITE powered by Multi-IQ.

RICH AUDIO

With multiple tone audio, the sound of treasure is clear. X-TERRA ELITE EXPEDITION PACK's all-tone audio means you'll not only 'hear' if a target is trash or treasure but you'll also be able to gauge its size and depth simply by listening.

EXTREME PRECISION

The Multi-IQ® engine delivers Stable IDs for even the deepest targets. Recover even the faintest echoes of treasure with 25 levels of sensitivity — when you've got a target, switch to Pinpoint to zero-in further.

FULLY WATERPROOF

With waterproof control pod and coil to 16 ft, take X-TERRA ELITE anywhere — land or water — and own the ground beneath your feet.

EASY TO USE

A large LCD display and intuitive user interface makes it easy for beginners to get started right out the box, and seasoned hunters to fine-tune settings quickly and easily.

LIGHTING AND VIBRATION

The daylight may have ended, but that doesn't mean your hunt has to — with Control Pod Flashlight, Red Backlight Display, Backlit Keypad, and Handgrip Vibration you can power on long after the sun has gone.

BUILT TO LAST

Because we're committed to leading the pack for performance and support, X-TERRA ELITE EXPEDITION PACK and by Minelab is backed by Minelab's global network and up to 3-year warranty.
