

Woodland waterproof (IP67) Outdoor speaker with Bluetooth and FM/DAB+ radio

251891

Woodland, the EISA award-winning outdoor speaker, is built with you and your outdoors in mind. A rugged, waterproof bluetooth speaker that works with your phone or runs with DAB+/FM and 6 presets. The unique oval shape, is easy to use and very tactile with reinforced bumpers top and bottom, so you are worry-free when gardening or camping. With up to 14hrs battery life, Woodland is the perfect companion for your outdoor activity as well as indoor tinkering away in your workshop or just listening while you cook. Woodland is an all round good choice!

PRODUKTSPECIFIKATION

Powerful rich, warm audio

The 10 watt dual acoustic speakers deliver a rich warm sound at all levels for music and spoken word.

Long battery runtime

Built in battery with up to 14hrs playtime, you simply take the Woodland where you want to be.

Portable, easy-to-carry speaker

A soft webb carry handle makes it easy to grab and go, or simply hang from a convenient peg where you are.

Robust, sturdy design

Reinforced bumpers top and bottom, as well as dust and waterproof (IP67) gives the Woodland protection when outdoors, or when exposed to weather changes and small accidents.

Preset buttons

There are 3 presets buttons, each button can store up to 2 of your favourite programmes each (1 DAB+ and 1 FM). Giving a total of 6 presets.

Easy to use

By simplifying the technology and creating a simple user interface, the Woodland is easy to use for all the family.

Bluetooth 5.1 with DAB+ and FM
Stream all your favourites to the Woodland or give your smartphone the day off and switch to DAB+ and FM.

Easy wipe-clean fabric
The Woodland has been made with soft, easy to wipe clean fabric making it easy to take care of your device.

Display
The display is a 128 x 32 dot matrix display, backlit, with manual controls to enable clear visibility in direct sunlight.

Power supply
Mains with integrated rechargeable lithium battery pack, up to 14hrs playtime.

Input connectors
USB-C software updates & charging only

Battery
There is a built-in battery, 4000mAH 3.7V 14.8Wh.
