PRODUKTSPECIFIKATION

The adidas FWD-02 SPORT gives you total freedom to perform at your best. No wires. Stay focused. Don't hold back. Wear these true wireless earbuds for road runs and track workouts. The sleek, designed buds stay in place through warmups and hill sprints. The intuitive controls are easy to use and are designed to respond to sweaty fingertips and gloved hands. They were developed with insights from athletes to give you freedom of movement and empower every stride. Because running isn't just a sport for us. It's a way of life.

Superior ergonomics

The ergonomic buds are sleek and compact, so they stay in place whatever the movement. Swap out the tips and wings to find a perfect fit.

Intuitive controls

Made for all-season running and training, with controls that respond through heavy sweat and winter gloves. They're intuitive to use, so you can power through your workout or put it on pause when you need a break.

Compact charging case

Designed with extra attention to detail, these buds come with a compact charging case that's easy to carry along. It's made of breathable material, so they air out after a long workout. A magnetized lid ensures they stay secure inside.

Awareness mode

Turn up the volume, but stay in tune with your surroundings. Awareness mode allows you to hear more of the outside world, ideal for long runs in the city. Just hitting the gym? You can always switch it off if all you want is the music.

Sweat-proof and water-resistant

Take on the rain or work up a serious sweat when jogging, sprinting, or training. These IPX5-rated headphones are sweatproof and water-resistant to handle your toughest workouts, whatever the conditions.

Custom actions

Make it yours. Customize how you interact with your buds through the adidas Headphones app. Use it to turn on Awareness mode, connect to your music library or streaming account, and access the voice

assistant on your phone.

6 hours of playtime per charge

Always at the ready, with up to 25 up to hours of total playtime. 6 hours of playtime in the buds keeps music at your fingertips. On-the-go charging in the small, sleek case means the buds are ready to perform throughout your day.
