

Dangbei MP1 Max 4K Home Projector with Google TV and Licensed Netflix

255486

- **Sharp 4K image with high brightness:** The high brightness of 3100 ISO lumens delivers clear images even in the daytime, while the ultra-wide color gamut of 110% BT.2020 and professional-level color accuracy (E<1) provide powerful and realistic images.
- **Equipped with next-generation Triple laser + LED technology:** Dangbei MP1 Max's Triple laser + LED technology harnesses the NICHIA's QuaLas lasers breakthrough to deliver outstanding image quality from the source, achieving enhanced brightness, superior color saturation, and unprecedented viewing comfort.
- **Google TV OS with Licensed Netflix:** It offers access to over 10,000 apps and more than 700,000 movies and TV shows, including YouTube, Prime Video, Disney+, Hulu, and licensed Netflix, delivering endless entertainment at your fingertips.
- **Built-in Stand x InstanPro AI Image Setup:** Its 135° vertical tilt & 360° horizontal rotation stand, combined with InstanPro AI Image Setup. Features like Auto Focus, Auto Keystone Correction, Screen Fit, Obstacle Avoidance, Real-Time Keystone Correction, Eye Protection, and AI Brightness Adjustment, making every viewing position perfect for the show.
- **Theater-quality sound:** With its 750cc Acoustic chamber and bass reflex design, it produces deep 45 Hz low and immersive surround audio that transforms your living room into a grand concert hall.

PRODUKTSPECIFIKATION

A True Cinema At Home
The Dangbei MP1 Max evolves beyond traditional Laser-based systems to a sophisticated Triple Laser + LED hybrid solution. Boasting an impressive brightness of 3100 ISO Lumens, the MP1 Max ensures vivid 4K visuals in any environment, projecting lifelike images with remarkable clarity.

Redefine visual performance with cutting-edge technology
Dangbei MP1 Max's next-gen Triple Laser + LED hybrid solution harnesses the NICHIA's QuaLas lasers breakthrough to deliver outstanding image quality from the source, achieving enhanced brightness, superior color saturation, and unprecedented viewing comfort while addressing traditional laser limitations.

Comfort-Enhanced Viewing
Beyond image quality, the MP1 Max prioritizes eye comfort with source-level protection, filtering 400-445 nm harmful blue light for a more relaxed viewing experience. The advanced technology enhances vibrancy while maintaining long-term reliability, creating an immersive cinematic experience tailored for home entertainment.

110% BT.2020
The 110% BT.2020 ultra-wide color gamut extends the visible spectrum, enriching every frame with precise, accurate hues.

E<1
A commitment to professional-grade fidelity is further exemplified by the E<1 color accuracy, preserving the creator’s intent with unparalleled precision.

Flexible Projection, Free Adaptation
The Dangbei MP1 Max incorporates a built-in stand with 360° horizontal rotation and 135° vertical tilt, offering flexible positioning on tables, shelves, or mounted setups.

Twist, Tilt, Perfect Viewing, Instantly
The instanPro AI Image Setup Technology automates image optimizatoin. This advanced thecnology ensures a worry-free viewing.

Auto Focus: Maintains perfect sharpness automatically.

Eye protection: Automatically lowers brightness when nearby people or pets are detected.

Obstacle Avoidance: Detects and automatically avoids objects in the projection path.

Screen Fit: Seamlessly matches projection area to any screen.

Auto Keystone Correction: Automatically adjusts image alignment.

AI Brightness Adjustment: Dynamically optimizes projection brightness according to ambient lighting.

Your Gateway to Endless Entertainment - Google TV with Licensed Netflix
Entertainment versatility is central to the MP1 Max, featuring Google TV OS with licensed Netflix integration, providing seamless access to sreaming content. With over 10,000 apps, including Netflix, YouTube, Prime Video, Disney+, and Hulu, audiences can explore a vast library of 700,000 movies and TV shows, enhanced by Google TV's intelligent recommendations.

Cinema Sound, Built Right In
Audio performance is equally immersive, supported by a 750cc acoustic chamber and bass reflex design delivering resonant lows down to 45Hz for cinematic impact. Dual 12W speakers, enhanced with Dolby Audio and DTS Virtual:X, create a dynamic surround sound environment, transforming every moment into an auditory experience.

Tech that Adapts to You - Make Family Time Shines
The MP1 Max embodies meticulous craftsmanship, featuring a sculpted silhouette with graceful curves that seamlessly integrate into any setting. The tactile fabric finish enhances acoustics while resisting fingerprints and dust, ensuring a pristine aesthetic. The eco-friendly EPP case combines sleek, minimalist design with stylish and protective portability.

Intelligent Cooling System
The Dangbei MP1 Max's intelligent cooling system, incorporating advanced Modular Cooling Technology designed for efficient performance and silent. With Zoned Thermal Insulation (cold and heat isolation), High-Capacity Heat Pipes, and Dual Turbo Fans, ensures silent yet efficient heat dissipation, maintaining optimal performance even during extended viewing sessions.

Ultimate Convenience at Your Fingertips
Adding ultimate convenience, the Dangbei MP1 Max custom remote streamlines operation with intuitive controls. One-Click Wake & Play instantly launch Netflix, YouTube, or Prime Video, even from sleep mode. Smart shortcuts provide dedicated buttons for Auto Focus and Auto Keystone Correction, ensuring a perfectly adjusted image in secondsy.

Cast Entertainment From Your Devices
Easily stream content from your phone or laptop for a big viewing experience—just connect to the same Wi-Fi network as the MP1 Max projector.

Connectivity Flexible
The MP1 Max features a verstile range of ports—including HDMI 2.1 (eARC), HDMI 2.1, USB 2.0, and an audio jack. This wide range of connections allows for seamless compatibility with computers, game consoles, and audio/video equipment. Enjoy fast reliable performance across all your devices.

Elevate Your Game with Big Screen
Immerse yourself in ultra-smooth, lag-free gameplay with stunning clarity on the MP1 Max. With support for 240Hz high refresh rate content at 1080P, low input lag, and MEMC technology that eliminates blur and stutter, every move is fast, fluid, and precise. Step up your game, because every millisecond matters.

Transform Any Room into a Cinematic Escape
Turn everyday spaces into extraordinary viewing experiences with the MP1 Max. With projection sizes ranging from 40 to a breathtaking 300 inches, it brings the magic of the big screen into your home. Effortless setup, unforgettable entertainment.
